

Opinium Research Results / Tables **September 2014**

1,055 Online Interviews in Scotland
889 Likely Voters
Field: 9th to 11th September 2014

If the Base is not otherwise specified, the table is based on the full sample and is representative of all Scottish adults

Where column base is below 50 respondents, figures should be seen as indicative only and we advise against using these when reporting unless appropriate caveats are given

To ensure a nationally representative sample, Opinium weights data to match the following criteria:

There will be a referendum on September 18th
on Scotland's future and this is the question:

'Should Scotland be an independent country?'
How will you vote?

And if there were an election to the Scottish parliament held tomorrow, for which party
would you vote in your constituency?

And finally, thinking about the
referendum process and the
two campaigns, would you
say you agree or disagree
with each of the following?
