

Opinium Research Results / Tables January 2014

1,972 Online Interviews (GB Nat. Rep)

1,674 Likely Voters

Field: 28th to 31st January 2014

If the Base is not otherwise specified, the table is based on the full sample and is representative of all GB adults

Where column base is below 50 respondents, figures should be seen as indicative only and we advise against using these when reporting unless appropriate caveats are given

To ensure a nationally representative sample, Opinium weights data to match the following criteria:
